## Junior Teaching Intensives

iTheatrics is pleased to offer a week-long musical theatre workshop in partnership with VanderCook College of Music in Chicago. Focusing on building the essential skills a teacher needs to produce an all school musical, this workshop is based on the iTheatrics Junior Teaching Intensives originally created by iTheatrics for the John F. Kennedy Center for the Performing Arts.

For more information or to sign up for this workshop visit <http://www.vandercook.edu> and look at the Summer MECA Course Catalog under the Choral listing.

Please note, there will be no Junior Teaching Intensives held in New York City or Houston during the summer of 2010.
